DETAILED ACTION

This action is in response to communication of June 30, 2003. Claims 24- 39 are pending.

Terminal Disclaimer

The terminal disclaimer filed on June 30, 2003 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US 6,110,783 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Information Disclosure Statement

A signed and initialed copy of IDS paper #12 (6/30/03) is enclosed with this action.

Claim Objections

Claims 27- 29 are objected to because of the following informalities: the use of the term "parent" is not clear. It lacks antecedent basis in claims 24 and/or 25. There is a typographical error in claim 36, line 2. Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 24- 39 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 24 concludes with an adenoviral vector comprising the encapsidation region and the 3' and 5' ITRs. It is not clear where these parts come from and the conclusion is also missing the exogenous DNA sequence.

Allowable Subject Matter

Applicant was advised of claim language to overcome 112, second paragraph issues, to put the claims in condition for allowance; however, the suggestions were not agreeable to Applicant. See interview summary.

Conclusion

No claim is allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 1648

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
